Melk Abbey is one of the biggest and most beautiful European Baroque ensembles. Its splendid architecture is famous worldwide and part of UNESCO's world cultural heritage. The Baroque building situated on a rock overlooking the Danube, in the Wachau region, ranks as one of Austria's most visited art-historical sites.

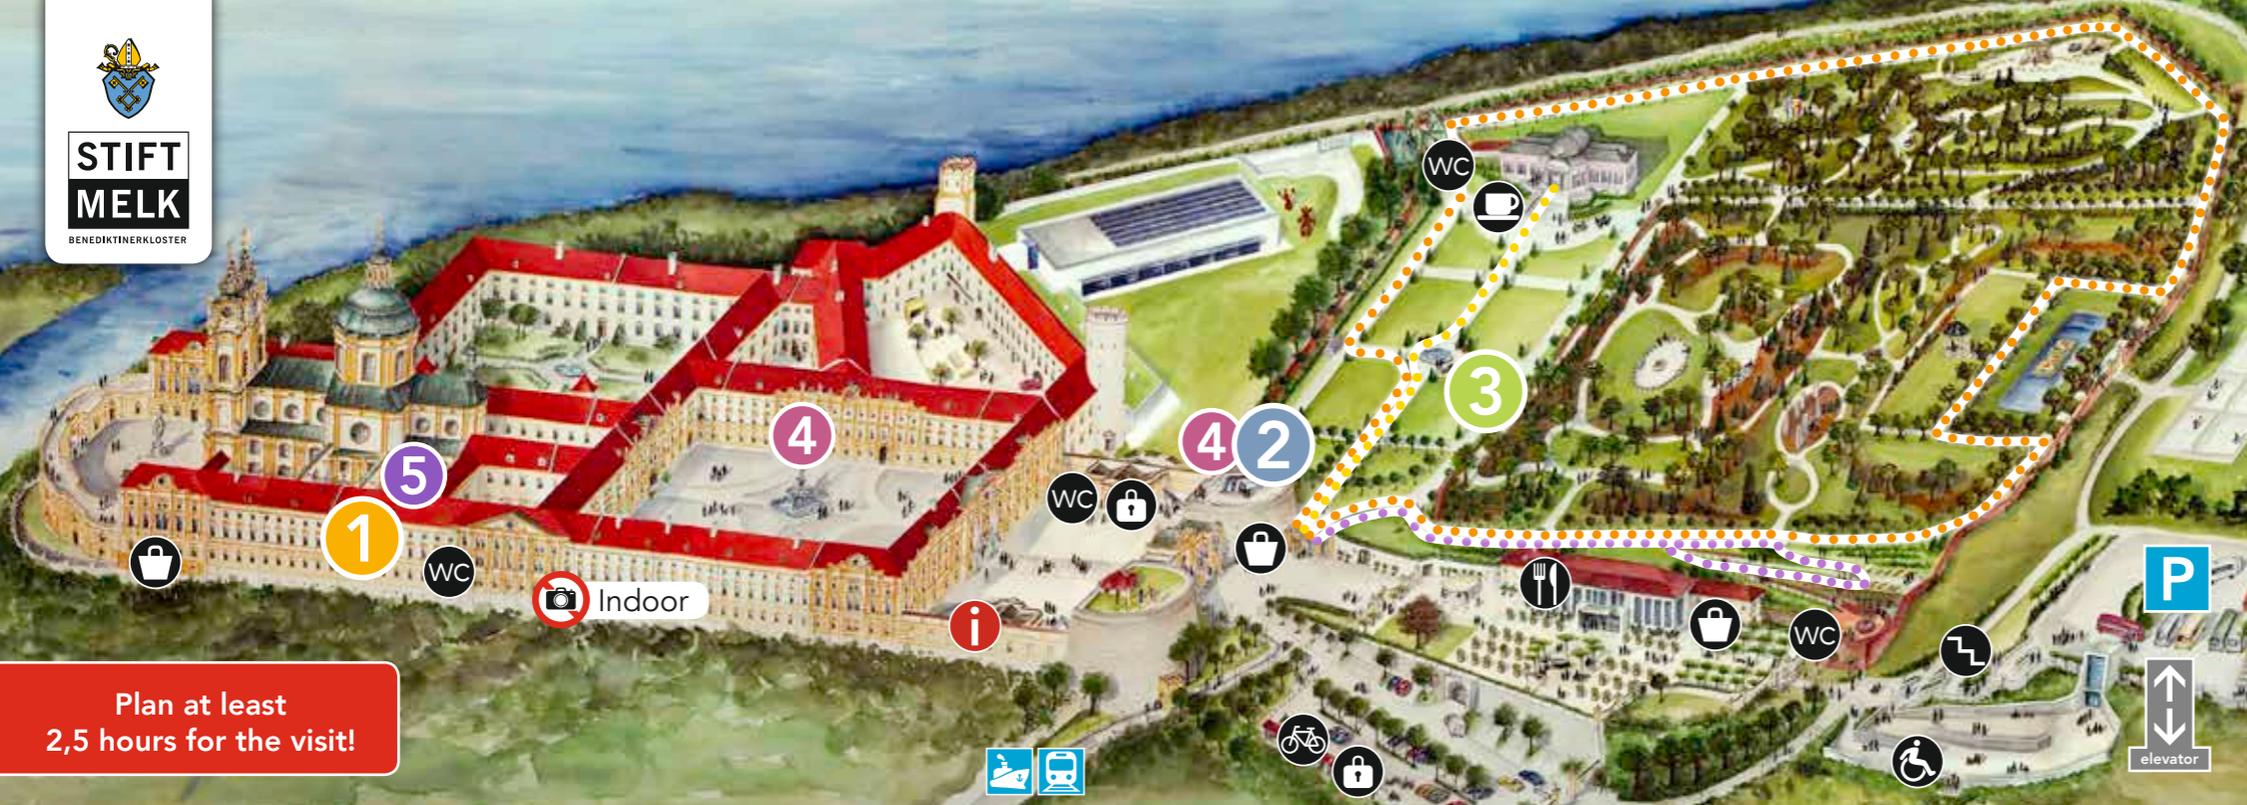

**STIFT
MELK**
BENEDIKTINERKLOSTER

Baroque world heritage
in the Wachau region

Since 1089, Benedictine monks have continually been living and working in Melk Abbey. Following the rules laid down by St. Benedict, they try to translate into action the words ORA et LABORA et LEGE (pray and work and learn) by working in pastoral care and education (Melk Abbey Secondary School) as well as organizing cultural events.

The Benedictine monastery with its unique Baroque architecture, combined with contemporary accents, is a must see.
